OVERVIEW

The Poultry Welfare Auditor Course conducted by the Professional Animal Auditor Certification Organization (PAACO) is the certification course for poultry auditors. PAACO is an organization of eight professional animal organizations with extensive expertise on best management practices and current science in animal agriculture. The organization's purpose is to promote the humane treatment of animals through education and certification of animal auditors as well as the review and/or certification of animal audit instruments, assessments and programs.
POULTRY WELFARE AUDITOR

COURSE GOAL
To train potential poultry welfare auditors using the welfare criteria and standards generally found and accepted in industry audits for broilers, layers, and turkeys.

EDUCATION & EXPERIENCE
(Note the following are not a requirement to take the course, but are required for certification.)
• Master’s, Ph.D., DVM with relevant livestock experience of 2 years within the past 5 years
• Associate or Bachelor’s degree with relevant livestock experience of 3 years within the past 7 years
• High school diploma with relevant livestock experience of 5 years within the past 10 years.

AUDITOR CERTIFICATION PROCESS
#1 Participate in a 4-part Poultry 201 online course and a 3-day education and instruction course including production site experience.
#2 Be tested at the end of the 3-day course and pass an examination. Successfully completing the course and test results in moving to a shadow phase of training.
#3 Conduct and complete two shadow audits in a poultry production setting under the supervision of a PAACO certified welfare poultry auditor of your choice within 12 months of the course.
#4 Upon the completion of satisfactory ratings by the certified auditor(s) in Step 3, an official endorsement as a PAACO “Certified Poultry Welfare Auditor” will be issued and your information included in a public database of certified auditors.

PARTICIPANT & AUDITOR QUALIFICATIONS
PAACO reserves the right to limit class size and registrations to qualified individuals. Therefore, prompt reservations are encouraged and honored on a first come, first served basis. Companies may be limited on number of participant registrations in one training.
Basic individual requirements and qualifications to attend the course and be certified are:
• Read, write and walk unassisted in a broiler production and processing plant environment
• Trainees must not have had contact with poultry, water fowl or pet birds for 72 hours prior to arriving.

COURSE MATERIALS
Training will address and educate on factors contained in welfare audits utilized in the broiler, layer, and turkey industries. Detailed course materials will supplement the information provided by instructors.

ATTENTION: The last day of the PAACO poultry auditor training includes visits to hatcheries, farms and processing plants. However, due to biosecurity or poultry company restrictions these visits are subject to last-minute adjustments which may include video presentation. For this training, there will be a 72-hour no bird contact prior to the August 6, 2019. We consider these facility visits to be an important part of the overall training experience and appreciate your understanding of this situation.

After groups return from field, trainees will then have option of individual material review or begin testing. Test is closed book/notes. Trainees are free to leave at completion of test. Generally trainees take about one hour plus to complete the test.
